5	2.3	3/4			
10	4.5	11/4			
20	9.1	2			
30	13.6	21/2			
40	18.2	31/8			
50	22.7	31/2			
60	27.3	4			
80	36.4	5			
1004	45.5	5 3/4			
CALORIE CONTENT (FED) <sup>2</sup>					
		3259 kcal/kg			
		1478 kcal/lb			
		311 kcal/8-oz cup			

Actual Size

AVAILABLE SIZES Bags of 6, 18, and 32 lbs

#### EN GASTROENTERIC FIBER BALANCE™

### Gastrointestinal Health:

Optimal level of fiber to help promote intestinal motility

Blend of soluble and insoluble fiber to help support GI health

Contains the prebiotic aleurone, soluble fiber that helps nourish beneficial microflora to promote a healthy GI tract

## Glucose Management:

• Complex carbohydrates help regulate blood glucose levels and minimize post-prandial fluctuations

## General Health:

- Moderate calorie and fat content
- Appropriate protein content to help maintain lean body mass and ideal body condition
- Great taste to help ensure adequate nutrient intake

#### Ingredients:

Whole grain corn, dried beet pulp\*\*, poultry by-product meal, corn gluten meal, pearled barley, animal fat preserved with mixed-tocopherols, pea fiber, animal digest, mono and dicalcium phosphate, wheat bran, dried whey, calcium carbonate, potassium chloride, salt, fish oil, L-Lysine monohydrochloride, Vitamin E supplement, choline chloride, zinc sulfate, ferrous sulfate, niacin, manganese sulfate, Vitamin A supplement, calcium pantothenate, thiamine mononitrate, Vitamin B-12 supplement, copper sulfate, riboflavin supplement, pyridoxine hydrochloride, folic acid, menadione sodium bisulfite complex, Vitamin D-3 supplement, calcium iodate, biotin, sodium selenite. C-2620

†Based on digestion testing conducted at the Purina PetCare Technology Centers

1 Adjustments must be made for environmental conditions, activity level, body condition and breed size. As reflected in the feeding tables, smaller breed dogs can require 15% to 25% more kilocalories per pound of body weight than larger breed dogs. Provide fresh water in a clean container daily.

- 2 Kilocalories of metabolizable energy (ME)
- 3 This daily amount should be divided into several small meals throughout the day.
- 4 For each additional 10 lbs of body weight, feed an additional 114 kilocalories.
