Material Safety Data Sheet: MPB Powder and Oxidized Cellulose used in HemaBlock Hemostatic Powder

I. IDENTIFICATION

Product Name: MPB (Microporous Polysaccharide Beads) (PLANT STARCH)
Oxidized Cellulose (Calcium salt of oxidized cellulose- derived from COTTON)

II. HEALTH HAZARD INFORMATION

MPB blended with OC may be irritating to skin, eyes, throat and lungs. Keep away from children
Repeated contact may cause allergic skin reactions.

PRINCIPLEHAZARDOUS COMPONENTS: NONE - This material has no adverse effects and is biodegradable. The powder decomposes in contact with a variety of enzymes and is rapidly excreted from the body.

III. PHYSICALDATA

Boiling Point N/A Specific Gravity N/A
Vapor Pressure N/A Melting Point N/A
Vapor Density N/A Solubility In Water N/A
Appearance and Odor: WHITE/YELLOWISH POWDER

IV. FIREAND EXPLOSION HAZARD DATA

Flash Point: N/A
Extinguishing Media Water, Foam, CO2, Dry Chemical
Unusual Fire and Explosion Hazards: None known to Hemablock,LLC.
Hazardous Combustion Products: None known to Hemablock,LLC.
Firefighting Procedures Use standard procedures and preferred extinguishing media above.

V. REACTIVITY INFORMATION

Stability: This product is normally stable under heat and does not react with water.
Incompatibility (materials to avoid): None known to Hemablock,LLC.

VI. EMERGENCYAND FIRSAID PROCEDURES

Eye (contact): Flush immediately with water for at least 10 minutes.
Contact a physician if irritation persists.
Skin (contact): N/A
Ingestion (swallowing): N/A

VII. TRANSPORTATION

Not regulated for transport by IATA
