

VETRI PROBIOTIC BD™ Bowel Defense Formula

Vetri Probiotic BD™ is formulated to support the proper structure of the GI tract in dogs whose digestive and bowel functions are affected by food sensitivities or infiltration of unwanted bacteria.

Vetri Probiotic BD™ is designed to soothe the digestive tract lining and provide ingredients that support proper immune function and microbial balance.

Vetri Probiotic BD™ supports:

- » Normal bowel defense
- » Proper digestion
- » Gas reduction

Vetri Probiotic BD™ provides ingredients that:

- » Support beneficial flora growth
- » Support structure and function of the digestive tract
- » Support intestinal villi
- » Provide building blocks for the mucosal lining
- » Promote regularity
- » Help settle the stomach

Important ingredients include:

- » N-acetyl Glucosamine to support the integrity of the mucosal lining
- » FOS to support the growth of lactic acid bacteria and reduce intestinal stress
- » L-glutamine to fuel intestinal cells and maintain villi
- » Arabinogalactan Powder to support the immune system and regularity
- » Probiotic Blend to support normal intestinal flora
- » Digestive Enzymes for proper digestion and to reduce gas
- » Ginger to help settle the stomach

Vetri Probiotic BD™ is a highly palatable chewable, chicken liver flavored tablet.
