

IMMUNO DMG™ PRO

Immuno DMG™ Pro is an advanced immune support formula that combines unique nutrients used to complement traditional therapies.

INGREDIENTS OF INTEREST:

Glucans MY™

- » Glucans MY™ is a combination of seven extensively researched medicinal mushrooms that provide a special blend of beta glucans. Glucans have beneficial effects on the immune, endocrine, cardiovascular, respiratory, renal, and liver systems.
- » Studies suggest that beta glucans might stimulate immune function by increasing the number of T-helper cells, increasing the activity of natural killer cells, or by increasing the levels of interferon gamma and tumor necrosis factor alpha. Beta glucans can also increase macrophage activity and support recovery from immune suppression.

Maitake PD-Fraction® (Grifola frondosa) Extract

- » Maitake PD-Fraction® is a standardized extract of Maitake mushroom that contains D-Fraction, one of nature's most comprehensive immune support compounds. Maitake PD-Fraction® is highly purified and standardized to contain 30% pure D-Fraction. The extensively researched D-Fraction is a concentrated source of Beta-1,3-Glucans and Beta-1,6-Glucans, which has a higher ability to stimulate macrophages and T killer cells. It also stimulates the release of interleukins and cytokines that activate immune cells and enhance the immune

response.

Transfer Factor ap™ Blend

- » Transfer Factor ap™ Blend is a blend of immunoglobulins, interferons, interleukins, lymphokines, growth factors, transfer factors, and proline rich peptides that serve as communication, memory, and educational molecules of the immune system.
- » Transfer factors serve as immune messenger molecules that transfer antigenic immune recognition signals between lymphocytes (white blood cells), thus enhancing the immune response.
- » The Transfer Factor ap™ Blend is patented and backed by extensive field research.

N,N-Dimethylglycine HCl (DMG)

- » DMG is referred to as a "metabolic enhancer" because of the many ways it can improve cellular metabolism, especially under conditions of stress in the body.
- » Research shows that DMG significantly stimulates B-cells to produce higher antibody responses (humoral branch) and potentiates a greater activity of T-cells and macrophages (cellular immunity branch). Therefore, DMG enhances both arms of the immune response.

IMMUNO DMG™ PRO (50)

**ALL
WEIGHT
RANGES**

7 DAYS A WEEK

PRODUCT DETAILS:

Immuno DMG™ Pro is a broad spectrum formula that combines extensively researched ingredients to support cell mediated immunity.

50 SOFT CHEWS

DIRECTIONS FOR USE:

- 0-30 lbs: 1 chew daily
- 31-60 lbs: 2 chews daily
- 61+ lbs: 4 chews daily

Active Ingredients per Chew:

Transfer Factor ap™ Blend . 400 mg
(A proprietary blend of bioactive peptides from colostrum)
N,N-Dimethylglycine HCl (DMG) 250 mg
Ascorbic Acid (Vitamin C) . . 200 mg
Glucans MY™ 200 mg
(Cordyceps sinensis mycelia extract, Agaricus blazei fruiting body extract, Trametes versicolor fruiting body extract, Wolfiporia extensa fruiting body extract, Inonotus obliquus fruiting body extract, Maitake (Grifola frondosa) fruiting body extract, Shiitake (Lentinus edodes) fruiting body extract)
d-alpha Tocopheryl Acetate (Vitamin E) 70 IU
Grape Seed (Vitis vinifera) Extract 30 mg
Maitake PD-Fraction® (Grifola frondosa) Extract . . 30 mg
Yielding D-Fraction® 9 mg

Ingredients: arabic gum, barley flour, brewers yeast, calcium sulfate, canola oil, chicken liver flavor, citric acid, citrus pectin, glycerin, maltodextrin, mixed tocopherols, oat flour, oat meal, propionic acid, rosemary extract, rye flour, silicon dioxide, sodium alginate, sorbic acid, soy lecithin, vegetable oil, water.

IMMUNO DMG PRO[™]

- » For dogs and cats
- » Recommended for advanced immune support either as an independent choice or a compliment to current protocol
- » Does not require a loading dose
- » Combines a trademarked blend of 7 mushrooms (sources of beta glucans), with transfer factors (bioactive peptides from colostrum), Maitake D-Fraction, DMG, grape seed extract, vitamin C and natural vitamin E
- » 50 count bag provides suggested use for all weight ranges
- » Very cost-effective
- » 100% satisfaction guarantee
