Exposure Guidelines: None required for this non-toxic blend.

Ventilation: No special ventilation required.

Eye Protection: No special eye protection is required.

Skin Protection: None required.

Respiratory: No special respiratory protection is required.

Section 9 - Physical and Chemical Properties

Appearance / Physical State / Odor: Pale yellow coloration, creamy viscous liquid, mild phenolic odor.

pH: 6.5 - 7.5

Solubility in Water: 100% Soluble

Section 10 - Stability and Reactivity

Chemical Stability:	Stable Product
Conditions to Avoid:	Avoid Hard Freeze
Incompatible Materials:	None
Hazardous Decomposition:	Will Not Occur
Hazardous Reactions:	Will Not Occur

Section 11 - Toxicological Information

Acute and chronic toxic reactions are not anticipated as a result of use following label instructions and written Protocols of Use - End User detailed IFU's.
Contains no known carcinogens or materials under investigation as potentiation carcinogens.

Section 12 - Ecological Information

Not Available.

Section 13 - Disposal Considerations

Disposal will be in accordance with applicable regional, national and local laws and regulations.

Section 14 - Transport Information

U.S Dot Hazard Class: Not regulated as hazardous material.

UN Number: Not regulated as hazardous material.

Section 15 - Regulatory Information

OTC - Pharmaceutical
Regulated under CGMP for Drugs, 21 C.F.R. Parts 210 and 211
Regulated Under TFM for Topical Antimicrobial Drug Products

Section 16 - Other Information

Not Applicable
