PRODUCT CATALOG

Polyurethane Boot

The Prima Tech USA brand known worldwide for quality, dependability and value is proud to offer polyurethane boots. These boots are available in safety (steel toe) and non safety in a wide range of sizes.

- Specifically manufactured for agricultural and animal health use
- Self cleaning sole design to help prevent buildup of manure in the tread pattern
- Made of lightweight polyurethane with additional proprietary raw materials to reduce bacteria and fungi buildup
- 40% lighter than rubber or PVC
- Rugged, last up to 3 to 4 times longer than PVC
- Insulated with Thinsulate material
- Wider fitting adds comfort
- Safer due to the higher steel toe cap in the safety boots
- More slip resistant with an improved sole profile
- Easy to remove with cleat profile and spur molded into the heel
- Regular boots now available in brown
- Steel toed boots available in yellow
