An appropriate veterinarian/client/patient relationship will exist when: 1) the veterinarian has assumed responsibility for making medical judgments regarding the health of the animal(s) and the need for medical treatment, and the client (owner or caretaker) has agreed to follow the instructions of the veterinarian; and when 2) there is sufficient knowledge of the animal(s) by the veterinarian to initiate at least a general or preliminary diagnosis of the medical condition of the animal(s). This means that the veterinarian has recently seen and is personally acquainted with the keeping and care of the animal(s), and/or by medically appropriate and timely visits to the premises where the animals are kept; and when 3) the practicing veterinarian is readily available for follow-up in case of adverse reactions or failure of the regimen of therapy.

## 2019 OneMerck Veterinarian Rebate Program

January 1 – December 31, 2019

The 2019 OneMerck Veterinarian Rebate Program offers veterinarians the ability to earn rebates on purchases of Merck Animal Health products from multiple species groups under one program. See your Merck Animal Health representative and program terms and conditions for details and eligibility.

Earn the following rebates on cumulative annual purchases of equine vaccines and pharmaceuticals:

Product Group B	Tier 1	Tier 2	Tier 3
	\$5,000	\$10,000	\$20,000
Equine Vaccines and Pharmaceuticals	2%	6%	12%

\*Net price after rebate columns are included with this order form to demonstrate how a rebate earned with the OneMerck Veterinarian Rebate Program can impact the net price. These examples include:

6% - Example of a customer achieving Tier 2 in the equine product group.

12% - Example of a customer achieving Tier 3 in the equine product group.

\*\*\*Regu-Mate purchases will count only as a volume builder on the OneMerck Veterinarian Program for 2019.

Rebate will not be paid on Regu-Mate purchases.
