Why is PSivet right for a mixed animal practice?

PSivet provides mixed animal practice veterinarians with discounts and services that help them save thousands of dollars per year.

Here are a few reasons why others have joined PSivet

GlobalVetLink

Quickly and accurately create professional health records, including Veterinary Feed Directives and "Coggins" test certificates, through the online certification solutions provided by GlobalVetLink (GVL).

Specialty Compounded Medications

Get the compounded medication your companion or equine patients need at a discounted price.

Covetrus Prescription Management Platform

Effortlessly manage prescriptions through the Covetrus Prescription Management platform.

Mobile Merchant Services

Easily process credit card payments in the field with mobile merchant services from Benchmark Payment Systems.

Reference Lab Services

Leverage testing services from one of four regionally contracted reference labs at discounts up to 50%.

PSivet works with dozens of vendors to provide services and solutions to their members. Ask your Covetrus Account Manager for a complete list and learn why PSivet is committed to offering you **MORE!**

Practice Insurance

Protect your practice, whether it's brick-and-mortar or ambulatory, with tailored insurance solutions and risk management strategies from Vetinsure, an independent insurance agency exclusively serving the veterinary industry.

Employee Benefits Program

Affordable, configurable benefits for you and your team, designed to meet the needs of independent veterinary practices of all sizes and starting at \$75/month per person.

Ask your Covetrus rep about quarterly bonuses on livestock product purchases!
