

Baytril® 100 (enrofloxacin) Injectable  
Baytril® 100-CA1 (enrofloxacin) Injectable  
Zelnate® DNA Immunostimulant

# Retailers Anti-infective & Immunostimulants Fall Rebates August 3- September 30, 2020

- Earn a 5% rebate when you purchase a minimum of \$2,700 of Baytril 100 and/or Baytril 100-CA1, approximately two cases of 250 mL or 500 mL.
  - If the minimum purchase of \$2,700 is met from August 3-31, earn an **additional 3% rebate (total 8% rebate)** on the August purchases.
    - Qualifying September purchases would only receive the original 5% rebate.
- Earn a 9% rebate when you purchase a minimum of \$10,000 of Baytril 100 and/or Baytril 100-CA1, approximately seven cases of 250 mL or 500 mL.
  - If the minimum purchase of \$10,000 is met from August 3-31, earn an **additional 3% rebate (total 12% rebate)** on the August purchases.
    - Qualifying September purchases would only receive the original 9% rebate.
- Earn a 7% rebate on any amount of Zelnate when purchasing a minimum of \$2,700 of Baytril 100 and/or Baytril 100-CA1.
- Earn a 10% rebate on any amount of Zelnate when purchasing a minimum of \$10,000 of Baytril 100 and/or Baytril 100-CA1.
- Purchases are cumulative throughout program period. Multiple invoices are acceptable.

Eligible products include 100 mL, 250 mL and 500 mL sizes of Baytril 100; 250 mL of Baytril 100-CA1; and 10-dose and 50-dose sizes of Zelnate.

Baytril 100 contract and competitive bid customers will be excluded from this program. Rebate will be paid approximately 45 days after program ends. EDI reports will be pulled approximately one month after the program period.

Bayer reserves the right to vary the terms and conditions of this program or to cancel this program at any time upon notice, including but not limited to, through the website [BayerLivestock.com](http://BayerLivestock.com).

Federal law restricts Baytril 100 and Baytril 100-CA1 to use by or on the order of a licensed veterinarian.

Zelnate is based on technology developed by Juvaris BioTherapeutics and is patent protected. Animal health applications are being exclusively developed by Bayer Animal Health and are the subject of Bayer patent applications.
